INTRO2. Privacy & Technology

PLEASE READ THE STATEMENT BELOW AND THEN ANSWER THE TWO QUESTIONS THAT FOLLOW

A recent study by the National Institute of Standards and Technology found that the majority of facial recognition technology programs exhibited disproportionate rates of error when analyzing the faces of women and people of color. In 2018, the ACLU tested Amazon's facial recognition technology software by running the photographs of sitting members of Congress against an arrest database. Twenty-eight false matches came

back, including those of six Congressional Black Caucus members. Multiple jurisdictions across the U.S. have instituted bans and/or moratoriums on government use of this technology.

INTRO4. PLEASE READ THE STATEMENT BELOW AND THEN ANSWER THE QUESTION THAT FOLLOWS

Hawai'i law allows law enforcement to seize—and keep—personal property without ever charging the property owner with a crime. This is done through a process called civil asset forfeiture. The Legislature passed—and Governor Ige vetoed—a bill in 2019 reforming Hawaii's civil asset forfeiture law by prohibiting civil asset forfeiture except where the property owner had been convicted of a felony connected to that piece of property.

Q4. Do you support this reform?

PLEASE READ THE STATEMENT BELOW AND THEN ANSWER THE QUESTION THAT FOLLOWS

The Legislature passed a law establishing a Law Enforcement Standards Board in 2018. To date, this board has met on two occasions and has not set any standards for law enforcement.

Q6. Do you support legislation to strengthen the board's independence, increase citizen oversight, set deadlines, and provide the board additional resources?

Yes

No

Q6a. Please write any comments you might have in the box provided below.

INTRO7. PLEASE READ THE STATEMENT BELOW AND THEN ANSWER THE THREE QUESTIONS THAT FOLLOW

Evidence shows that school suspensions and school-based arrests lead to further contacts with the juvenile justice system and adult criminal legal system, as well as higher dropout rates and lower academic performance. Currently, students are being suspended for up to 92 days—over half of the school year—for even smelling like cannabis.

Q7. Do you support further limiting the number of days that schools can suspend students?

Yes

No

Prefer not to answer

Q7a. Please write any comments you might have in the box provided below.

I have worked as a teacher and state union leader (HSTA) to develop policies and programs to interrupt and disrupt the school-to-prison pipeline and to adopt restorative justice practices since 2012. This work is slowly being developed and adopted, but we need specific policies to be put in place, including those outlined in these questions.

Q9a. Please write any comments you might have in the box provided below.

INTRO8. Economic Justice

PLEASE READ THE STATEMENT BELOW AND THEN ANSWER THE QUESTION THAT FOLLOWS

Only seventeen percent of workers nationwide have access through their employers to paid family leave to care for and/or bond with a new child, or to care for a sick or injured family member. The availability of paid family leave has been shown to increase workers' loyalty to employers, decrease employee turnover, and has been linked to decreased infant mortality rates and decreased reliance on public assistance. Eight states and Washington D.C. have passed laws that guarantee paid family leave to workers. In December 2019, Congress passed and President Trump signed the Federal Employee Paid Leave Act extending 12 weeks of paid parental leave to most federal employees.

Q10. Do you support legislation to guarantee 12 weeks of paid family leave to Hawaii's workers through the establishment of a social insurance program?

Yes

No

Prefer not to answer

Q10a. Please write any comments you might have in the box provided below.

INTRO9.

PLEASE READ THE STATEMENT BELOW AND THEN ANSWER THE QUESTION THAT FOLLOWS

Hawai'i law does not guarantee any paid, short-term sick leave to workers.

Q11. Do you support legislation to guarantee paid sick days to Hawaii's workers?

Yes

No

Prefer not to answer

Q11a. Please write any comments you might have in the box provided below.

INTRO10.

PLEASE READ THE STATEMENT BELOW AND THEN ANSWER THE QUESTION THAT FOLLOWS

Half of Hawaii's families cannot afford to meet basic needs. A recent study found that four in ten adults do not have access to \$400 at any given time, making them one emergency—or court-ordered fine—away from financial ruin. Studies have found that scaling fines based on affordability increases the likelihood that fines will be paid in full and increases revenue.

Q12. Do you support legislation that would require courts to scale fines based on an individual's income?

Yes

No

Prefer not to answer

Q12a. Please write any comments you might have in the box provided below.

INTRO11. PLEASE READ THE STATEMENT BELOW AND THEN ANSWER THE TWO QUESTIONS THAT FOLLOW

State law punishes nonpayment of traffic and parking tickets by placing a “stopper” on a person’s driving or vehicle record that prevents them from renewing or obtaining a driver’s license or vehicle registration until they’ve paid the ticket in full, plus a 21% fee assessed by the state’s contracted, Texas-based collection agency. Those who cannot afford their ticket and therefore cannot renew their license may be forced to choose between driving without a valid license (a traffic crime punishable by up to a \$1,000 fine or up to one year in jail) and losing their job or taking their child to the doctor. In recent years, several jurisdictions have either moved away from or completely stopped suspending licenses for nonpayment of traffic and parking tickets. In Hawai’i, there are approximately 350,000 outstanding license and registration stoppers.

Q13. Do you support legislation that would end the use of “stoppers” for nonpayment of traffic and parking fines?

- Yes No Prefer not to answer
-

Q13a. Please write any comments you might have in the box provided below.

Q14. Would you support a traffic ticket amnesty program to ease the economic burden that traffic tickets place on the working class in Hawai’i?

- Yes No Prefer not to answer
-

Q14a. Please write any comments you might have in the box provided below.

INTRO12. Criminal Law Reform

PLEASE READ THE STATEMENT BELOW AND THEN ANSWER THE TWO QUESTIONS THAT FOLLOW

Under Hawai’i law, it is a felony to possess any amount of a drug that has been classified as dangerous, which is essentially every drug except cannabis. Even the possession of small amounts is punishable by up to five years in prison and a \$10,000 fine.

Q15. Do you support legislation decriminalizing possession of small amounts of dangerous drugs, and reinvesting the savings in effective, community-based drug treatment?

Yes

No

Prefer not to answer

Q15a. Please write any comments you might have in the box provided below.

The 'war on drugs' was an abysmal failure, and we need to move as quickly as possible to a more humane, reasonable and 'soft power' approach to drug use.

Q16. Do you think substance use should be treated as a matter of public health?

Yes

No

Prefer not to answer

Q16a. Please write any comments you might have in the box provided below.

INTRO13. PLEASE READ THE STATEMENT BELOW AND THEN ANSWER THE QUESTION THAT FOLLOWS

Prosecutors are possibly the most influential player in the criminal legal system, yet there is little publicly-available information about how prosecutorial decisions are made.

- Yes No Prefer not to answer
-

Q20a. Please write any comments you might have in the box provided below.

INTRO15. Houselessness

PLEASE READ THE STATEMENT BELOW AND THEN ANSWER THE THREE QUESTIONS THAT FOLLOW

Hawai'i has one of the highest houselessness rates in the country. The number of unsheltered people has exploded in the past decade even though we have had low unemployment and a relatively strong economy. With COVID-19's harm to the Hawai'i economy, the number of people experiencing houselessness is likely to grow.

Q21.

What do you believe is working and is not working about Hawaii's approach to houselessness?

Please explain your thinking in the space below.

While there are a range of issues that contribute to the houselessness crisis, the most factor is lack of affordable housing, and the important solution is affordable housing. While we are doing good work under the leadership of Eddie Mercereaux with BHH and the development of a continuum of care, legislative leadership has been hyper-focused on approaches that subsidize for-profit developers rather than using those public resources to build actually affordable housing through non-profit developers or the state itself.

Q22.

Do you support legislation establishing a homeless bill of rights?

Yes

No

Prefer not to answer

Q22a. Please write any comments you might have in the box provided below.

Q23.

How do you plan to address houselessness in Hawai'i in the short, medium, and long term?

Please explain your thinking in the space below.

Immediately, we need to remove barriers to the work of DHS (use of funds for stabilization beds often blocked for petty political reasons - c.f. Wahiawa Hospital) and provide more funds for our non-profit providers who are trying to find permanent housing for community members. We need to strengthen our safety net at every point and invest in people who need the help the most. I support investing state monies in public housing and in partnerships with legitimate and committed non-profit housing developers, for long-term housing solutions. We need to combine that approach with radically disincentivizing property speculation in the islands, both by mainland and international investors, and by forcing the military to develop adequate on-based housing so that military personnel are not using their huge housing stipends to distort our housing markets. Many different policy pieces need to be put into place, but we need to start adopting a holistic, common-sense, people-first approach to the houselessness crisis.
